

# S P R A Y   L A N C E S

Get water exactly where you want it -even hard to reach plants including hanging baskets

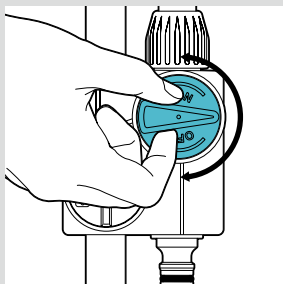

GARDEN SHOWER.....P82

### Simple Flow/On/Off Control Knob

Water flow ON/OFF control

### Easy Height Adjustment

Fully adjustable height up to 79" (207cm)

64412

## Garden Shower

- Sturdy aluminum tripod stand
- 2-Patterns SHOWER/MIST available
- Water flow ON/OFF control
- Height adjustable up to 79" (207 cm)
- Fits all garden hose connection

# THUMB VALVE

Push flow valve provides for continuous watering

65015  
(18 inch)

## Adjustable 10-Pattern Water Wand

- Effortless slide thumb control valve
- Dual-color soft coating on grip
- 180° Degrees angle adjustable head
- Soft dial ring protecting against damage
- Patterns for all watering needs
- Lightweight aluminum shaft tube won't rust
- soft coated handle
- Ergonomic grip fits palm nicely

65013  
(33 inch)

## Adjustable 10-Pattern Water Wand

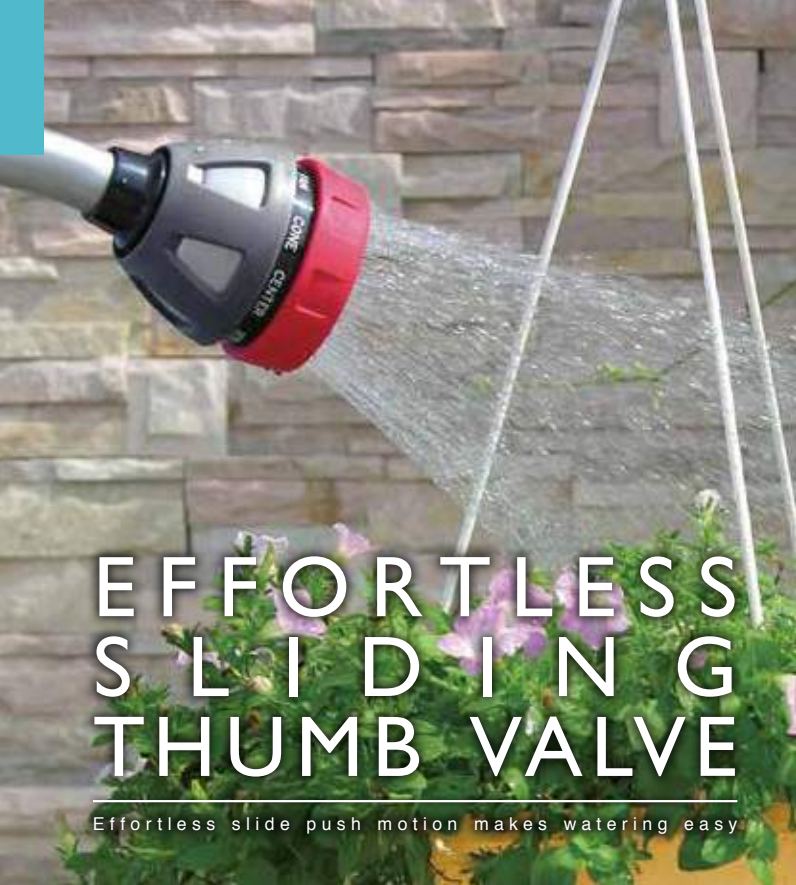

- Effortless slide thumb control valve
- Dual-color soft coating on grip
- 180° degrees angle adjustable head
- Soft dial ring protects against damage
- Lightweight aluminum shaft tube won't rust
- Soft coated handle
- Ergonomic grip fits palm nicely
- 10 spray patterns to meet every watering need

68007  
(36~55 inch)

## Adjustable 10-Pattern Telescopic Water Wand

- Effortless slide thumb control valve
- Dual-color soft coating on grip
- 180° degrees angle adjustable head
- Soft dial ring protecting against damage
- Robust metal construction
- 9 spray patterns to meet every watering need
- Lightweight aluminum shaft tube won't rust
- Adjustable in length
- Ergonomic grip fits palm nicely

### 9-Pattern Water Wand

- Effortless slide thumb control valve
- Dual-color molded soft coated grip
- Soft dial ring protecting against damage
- 9 spray patterns to meet every watering need
- Lightweight aluminum shaft tube won't rust
- 180° Degrees angle adjustable headt (*65016*)

### 9-Pattern Water Wand

- Effortless slide thumb control valve
- Dual-color molded soft coated grip
- Soft dial ring protecting against damage
- 9 spray patterns to meet every watering need
- Lightweight aluminum shaft tube won't rust
- 180° Degrees angle adjustable head (*65010*)

### Adjustable 9-Pattern Telescopic Water Wand

- Effortless slide thumb control valve
- Dual-color molded soft coated grip
- 180° Degrees angle adjustable head
- Adjustable in length
- Soft dial ring protecting against damage
- Robust metal construction
- 9 spray patterns to meet every watering need
- Lightweight aluminum shaft tube won't rust
- Added head hook for easy storage

# EFFORTLESS SLIDING THUMB VALVE

Effortless slide push motion makes watering easy

## 10-Pattern Water Wand

- Effortless slide thumb control valve
- Dual-color molded soft coated grip
- 10 spray patterns to meet every watering need
- Soft dial ring protecting against damage
- Lightweight aluminum shaft tube won't rust
- 180° Degrees angle adjustable head (65017)

## 10-Pattern Water Wand

- Effortless slide thumb control valve
- Dual-color molded soft coated grip
- Soft dial ring protects against damage
- Lightweight aluminum shaft tube won't rust
- Soft coated handle
- 10 spray patterns to meet every watering need

## 10-Pattern Water Wand

- Effortless slide thumb control valve
- Dual-color molded soft coated grip
- 180° Degrees angle adjustable head
- Soft dial ring protecting against damage
- Robust metal construction
- 10 spray Patterns to meet every watering need
- Lightweight aluminum shaft tube won't rust
- Soft coated handle
- Ergonomic grip fits palm nicely

## Adjustable 10-Pattern Telescopic Water Wand

- Effortless slide thumb control valve
- Dual-color soft coating on grip
- 180° Degrees angle adjustable head
- 10 spray patterns to meet every watering need
- Soft dial ring protecting against damage
- Robust metal construction
- Lightweight aluminum shaft tube won't rust
- Adjustable in length
- Soft coated handle
- Added head hook for easy storage
- Ergonomic grip fits palm nicely

65025  
(18 inch)

### Adjustable 10-Pattern Water Wand w/ Front-Pull Lever

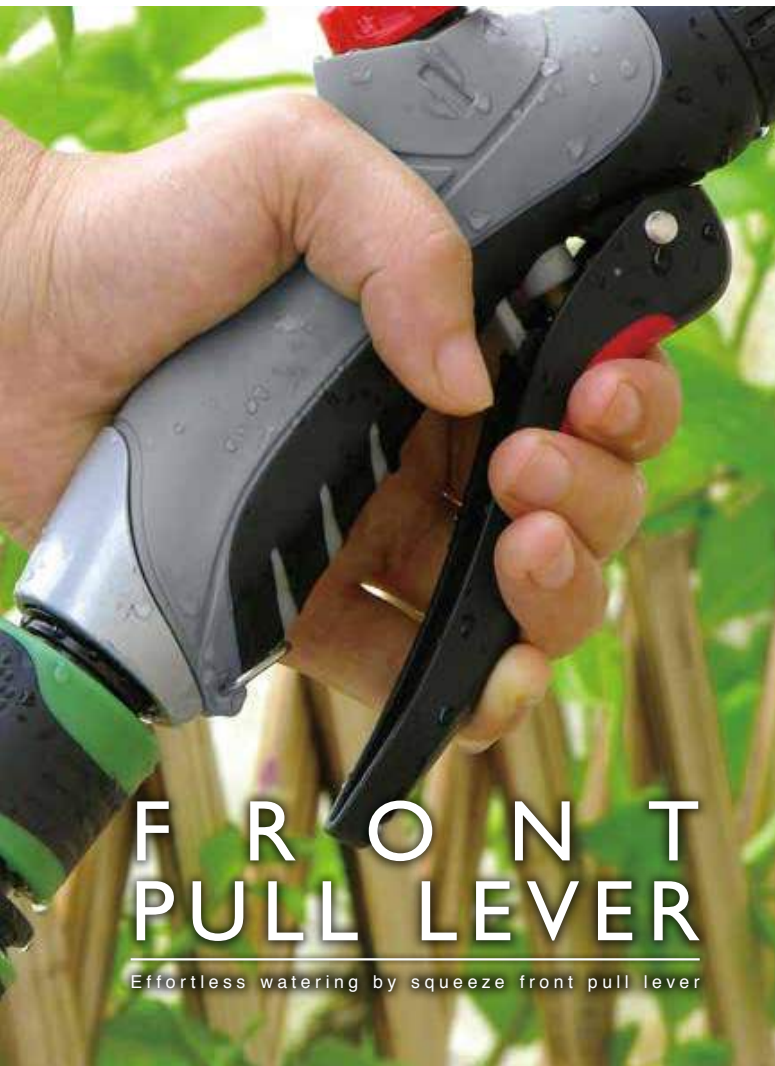

- Effortless squeeze an easy located front pull lever with water flow control
- Dual-color soft coating on grip and trigger
- 180° Degrees angle adjustable head
- Soft dial ring protecting against damage
- Engineering grade plastic construction
- 10 spray patterns to meet every watering need
- Flow control tab customizes forces of the water stream

67505  
(23~30 inch)

### Adjustable 10-Pattern Telescopic Water Wand w/ Front-Pull Lever

- Effortless squeeze-easy front-pull lever with water flow control
- Dual-color soft coating on grip and trigger
- 180° Degrees angle adjustable head
- Soft dial ring protecting against damage
- Engineering grade plastic construction
- 10 spray patterns to meet every watering need
- Soft molded grip for comfort
- long trigger requires little force

# FRONT PULL LEVER

Effortless watering by squeeze front pull lever

65022  
(33 inch)

### Adjustable 10-Pattern Water Wand w/ Front-Pull Lever

- Effortless squeeze an easy located front pull lever with water flow control
- Dual-color soft molded coating on both grip and trigger
- 180° Degrees angle adjustable head
- Soft dial ring protects against damage
- Engineering grade plastic construction
- 10 spray Patterns to meet every watering need
- long trigger requires little force

# METAL HEAD WATER WAND

## 10-Pattern Metal Head Water Wand

- Effortless squeeze-easy front-pull lever
- Soft dial ring protecting against damage
- Robust metal construction
- 10 spray Patterns to meet every watering need

## 10-Pattern Water Wand

- With flexi-grip and water flow control valve
- Cross guard preventing hands from slipping
- Soft dial ring protecting against damage
- Robust metal construction
- 10 spray Patterns to meet every watering need

## Shower Head Water Wand

- With flexi-grip and water flow control valve
- Cross guard preventing hands from slipping
- Soft dial ring protecting against damage
- Robust metal construction
- Equipped with shut-off valve

## Adjustable 10-Pattern Metal Head Water Wand

- Effortless squeeze an easy located front pull lever
- 180° Degrees angle adjustable head
- Soft dial ring protecting against damage
- Robust metal construction
- 10 spray Patterns to meet every watering need
- Trigger lock to prevent hand fatigue (65175)
- Added head hook for easy storage (65365)

## Adjustable 10-Pattern Water Wand

- With flexi-grip and water flow control valve
- Cross guard preventing hands from slipping
- Soft dial ring protecting against damage
- Robust metal construction
- 10 spray Patterns to meet every watering need
- 180 Degrees angle adjustable head
- Cushioned grip for comfort
- Added head hook for easy storage

- 180° Degrees angle adjustable head
- Extra gentle shower pattern
- Robust metal construction
- Soft dial ring protecting against damage
- Effortless slide thumb control valve (65014)
- Effortless squeeze-easy front-pull lever with water flow control (65026)

Thumb Control Shower Wand

- Effortless slide thumb control valve
- Extra gentle shower pattern
- Robust metal construction

Adjustable Shower Head Water Wand

- Dual-color soft coating on grip
- Dual-color soft coating on grip
- 180° Degrees angle adjustable head
- Extra gentle shower pattern
- Robust metal construction
- Soft dial ring protecting against damage
- Effortless slide thumb control valve (65012)
- Effortless squeeze-easy front-pull lever with water flow control (65021)

Thumb Control Shower Wand

- Effortless slide thumb control valve
- Extra gentle shower pattern
- Robust metal construction

# SHOWER SOLUTION

Lightweight body and all-in-one thumb control delivers the ultimate in comfort while watering hang basket and other delicate plants

69009  
(18 inch)

Thumb Control Shower Wand

- Effortless slide thumb control valve
- Extra gentle shower pattern
- All-in-one thumb control adjusts water flow without hand fatigue
- Lightweight aluminum shaft tube won't rust
- Added head hook for easy storage

69010  
(28 inch)

Thumb Control Shower Wand

- Effortless slide thumb control valve
- Extra gentle shower pattern
- All-in-one thumb control adjusts water flow without hand fatigue
- Lightweight aluminum shaft tube won't rust
- Added head hook for easy storage

65926  
(36 inch)

Adjustable 2-Pattern Rubber Shower Water Wand

- Effortless sliding thumb valve
- Dual-color soft coating on grip
- 180° Degrees angle adjustable head
- Extra soft cover on head for more handling comfort
- Soft dial ring protecting against damage
- Robust metal construction
- Patterns for all watering needs

68028  
(36~55 inch)

Adjustable 2-Pattern Telescopic Rubber Shower Water Wand

- Effortless sliding thumb valve
- Dual-color soft coating on grip
- 180° Degrees angle adjustable head
- Extra soft cover on head for more handling comfort
- Soft dial ring protecting against damage
- Robust metal construction
- Patterns for all watering needs

65506  
(28 inch)

### Adjustable 10-Pattern Water Wand w/ Front-Pull Lever

- Dual-color soft coating on grip
- 180° Degrees angle adjustable head
- Extra gentle shower pattern
- Robust metal construction
- Soft dial ring protecting against damage
- Effortless slide thumb control valve (65014)
- Effortless squeeze-easy front-pull lever with water flow control (65026)

66176  
(28 inch)

### 10-Pattern Water Wand

- With on/off flow switch
- Insulated grip to protect hand from hot or cold water
- Soft dial ring protecting against damage
- Engineering grade plastic construction
- Patterns for all watering needs
- Lightweight aluminum shaft tube won't rust
- Added head hook for easy storage

66126  
(28 inch)

### Shower Water Wand

- With on/off switch
- Insulated grip to protect hand from hot or cold water
- Soft dial ring protecting against damage
- Engineering grade plastic construction
- Lightweight aluminum shaft tube won't rust
- Added head hook for easy storage
