## TURBO SPRAY NOZZLE

Patented **TURBO®** spray nozzle for powerful, water-saving cleaning.  
The innovative, integrated trigger lock ensures comfortable handling during operation.  
Select from 6 different spray patterns for both effective cleaning and gardening

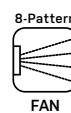

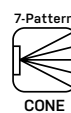

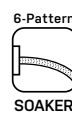

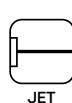

TURBO PUSH-BUTTON NOZZLE WITH FLOW CONTROL.....PG.79

### TURBO™ Cleaning Push-button Nozzle with Flow Control

- 3/4/6/7/8 spraying patterns to suit most cleaning and watering needs
- Effortlessly adjust water flow to minimize waste
- Lockable on/off push-button trigger for comfort during extended use
- Ergonomic in design to avoid manual dexterity & fatigue challenges
- The soft dial ring protects against damage and easily switches between powerful Turbo™ spray and gentle shower

### TURBO™ Cleaning Push-button Nozzle with Flow Control with metal adapter

- 3/4/6/7/8 spray patterns suit most cleaning & watering needs
- Effortlessly adjust water flow to minimize waste
- Lockable on/off push-button trigger for comfort during long use
- Ergonomic design minimizes strain on hands and wrists
- Soft dial ring protects against damage and easily switches between powerful Turbo™ spray to gentle shower
- Metal adapter for long-lasting durability

### Flow Control

Effortlessly adjust water flow to minimize waste

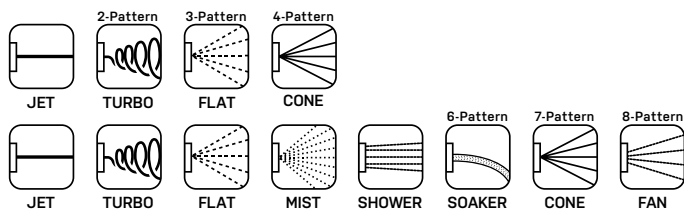

### Innovative Trigger Lock™

keep water flowing without constantly squeezing the handle

### TURBO™ Cleaning Nozzle Rear-Trigger

- 2/3/4/6/7/8 spraying patterns to suit most cleaning & watering needs
- Unique thumb-control trigger lock with 3 water flow lock settings
- Insulated, rubber grip for extra control even in wet conditions
- Ergonomic in design to avoid manual dexterity & fatigue challenges
- The soft dial ring protects against damage and easily switches between powerful Turbo™ spray and gentle shower

### TURBO™ Cleaning Nozzle with Flow Control Front-Trigger

- 2/3/4/6/7/8 spraying patterns to suit most cleaning & watering needs
- Effortlessly adjust water flow to minimize waste
- Ergonomic in design to avoid manual dexterity & fatigue challenges
- 2 trigger lock settings to keep the water flowing without constantly squeezing the handle; quick to lock and release
- Soft dial ring protects against damage and easily switches between powerful Turbo™ spray to gentle shower

(METAL)

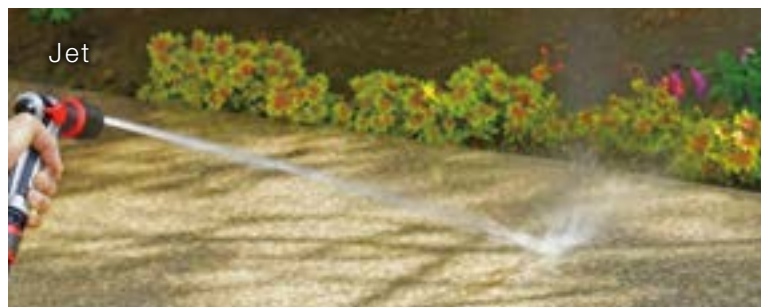

72716

### TURBO™ Cleaning Nozzle 2-Pattern Rear Trigger

- 2 Spraying patterns to suit most cleaning needs: TURBO and Jet
- Easy flow control rear trigger with locking mechanism
- Ergonomic in design to avoid manual dexterity & fatigue challenges
- Aluminum design for longer lasting use

72720  
(METAL)

72719

### TURBO™ Cleaning Nozzle 3-Pattern Rear Trigger

- 3 Spraying patterns to suit most gardening & cleaning needs: TURBO, Jet and Flat
- Easy flow control rear trigger with locking mechanism
- Ergonomic in design to avoid manual dexterity & fatigue challenges
- Aluminum design for longer lasting use

72762  
(METAL)

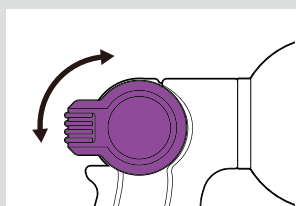

72763

### TURBO™ Cleaning Nozzle 6-Pattern Rear Trigger

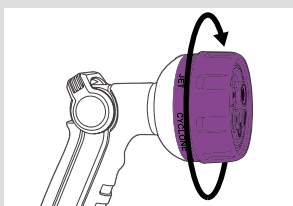

- 6 Spraying patterns to suit most gardening & cleaning needs: TURBO, Jet, Flat, Shower, Mist & Soaker
- Easy flow control rear trigger with locking mechanism
- Ergonomic in design to avoid manual dexterity & fatigue challenges
- Aluminum design for longer lasting use

### Thumb Control

Effortless thumb control to conveniently operate the on/off function and volume of water flow

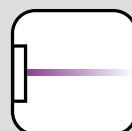

### Pattern Change

## TURBO™ Cleaning Nozzle Metal Thumb Control

76519

76522

76529

- 2/3/4/ spraying patterns to suit most cleaning and watering needs
- Aluminum construction for longer lasting time
- Effortless thumb adjustable water flow control and ON/OFF switch (No squeezing required for water flow control)
- 2 spraying patterns: Turbo & Jet (76519)
- 3 spraying patterns: Turbo, Jet & Flat (76522)
- 4 spraying patterns: Turbo, Jet, Flat & Cone (76529)

76565

76564

- 6/8 spraying patterns to suit most cleaning and watering needs
- Aluminum construction for longer lasting time
- Effortless thumb adjustable water flow control and ON/OFF switch (No squeezing required for water flow control)
- 6 spraying patterns: Turbo, Jet, Flat, Shower, Soaker & Mist (76565)
- 8 spraying patterns: Turbo, Jet, Flat, Fan, Shower, Soaker, Mist & Cone (76564)

# BUBBLE JET

Ultra Light Thumb Control Bubble Nozzle

# ULTRA LIGHT

One-Hand Flow Function

76552

## Ultra Light Thumb Control Bubble Nozzle

- Ultra-light thumb-control for ON/OFF and flow
- Soft dial ring for easy pattern changes / protects against damage
- 5-pattern: bubble jet, hard jet, flat jet, fine mist and full shower
- Ergonomic rubberized grip design
- **Patented design**

76571

## Ultra Light Thumb Control 7-Pattern Nozzle

- Ultra-light thumb-control for ON/OFF and flow
- Soft dial ring for easy pattern changes / protects against damage
- 7-pattern: jet, shower, mist, soaker, cone, center and flat
- Ergonomic rubberized grip design
- **Patented design (76571)**

76569

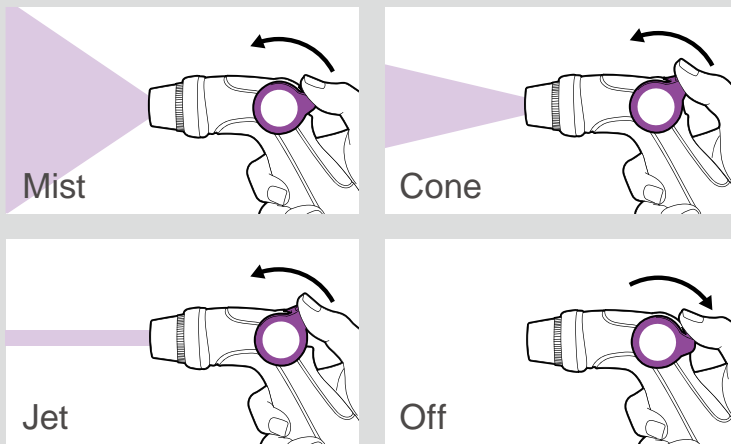

# ULTRA LIGHT

One-Hand Variable Patterns  
& Flow Function

3in1 Prime Nozzles  
One hand control for Jet-Mist-Cone-Off

Ultra Light Thumb Control  
Adjustable Nozzle

- One hand control for Jet-Cone-Mist-Off
- **Patented design**

Ultra Light Thumb Control  
Various Tip Attachment Nozzle

- One hand control for Jet-Cone-Mist-Off
- Protective threaded cap end for various nozzle attachment
- Ergonomic rubberized grip design
- **Patented design**

Ultra Light Thumb Control  
Fireman Nozzle

- One hand control for Jet-Cone-Mist-Off
- Ergonomic rubberized grip design
- **Patented design**

### Thumb Control Adjustable Nozzle

- Soft adjustable tip protects against damage
- Continuously adjustable pattern
- Effortless push thumb valve
- Ergonomic rubberized grip design
- Robust metal construction (76536)

### Thumb Control 7-Pattern Nozzle

- Soft dial ring protects against damage
- Patterns for all watering needs
- Effortless push thumb valve
- Ergonomic rubberized grip design
- Robust metal construction (76579)

### Adjustable Metal Nozzle

- Soft adjustable tip protects against damage
- Continuously adjustable pattern
- Robust metal construction
- Ergonomic rubberized grip design
- Effortless push thumb valve (70181)

### Thumb Control 7-Pattern Metal Nozzle

- Soft dial ring protects against damage
- Patterns for all watering needs
- Effortless push thumb valve
- Ergonomic rubberized grip design
- Robust metal construction

### Thumb Control Fan Nozzle

- Wide, gentle spray
- Effortless push thumb valve
- Ergonomic rubberized grip design
- Great for watering containers, raised bed, plants and shrubbery

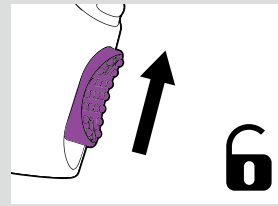

### Thumb Control 9-Pattern Spray Nozzle

- Soft dial ring protects against damage
- Patterns for all watering needs
- Effortless push thumb valve
- Ergonomic rubberized grip design

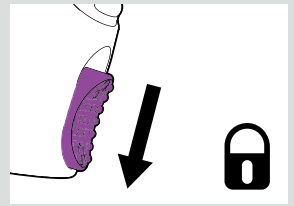

# USER FRIENDLY- CLICK ON

Intermittent Watering Made Easy

Click Up  
De-Activate Trigger Lock

Press & Hold → Control water flow  
Released → Water stop

Click Down  
Activate Trigger Lock

Click Once → Water continue flow  
Click Again → Water stop

77935

77936

78935  
(METAL)

## Adjustable Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- Water flow control knob (78935)
- With trigger LOCK (77936, 78935)

77957

77958

78957  
(METAL)

## 5-Pattern Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- High-flow shower pattern
- Large shower head removable for cleaning
- Water flow control knob (78957)
- With trigger LOCK (77958, 78957)

77978

77979

78979  
(METAL)

## 7-Pattern Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- Water flow control knob (78979)
- With trigger LOCK (77979, 78979)

77976

77977

78977  
(METAL)

## 7-Pattern Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- Water flow control knob (78977)
- With trigger LOCK (77977, 78977)

## SHOWER+

Unique gentle shower designed for special delicate plants

77854

77864  
(METAL)

### 5-Pattern Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- High-flow shower pattern
- Also available in metal (77864)

77851

77861  
(METAL)

### 5-Pattern Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- High-flow shower pattern
- Water flow control knob with lock-in
- Also available in metal (77861)

77943

77942

### 4-Pattern Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- With tall shower pattern

77147

### Shower+ Front-Pull Lever Nozzle

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Large, gentle shower pattern

73047

### Shower+ Back Trigger Nozzle

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Large, gentle shower pattern

Large Flow Push-Button Nozzle

- Convenient one-hand operation
- Allows continuous watering without fatigue
- Max-flow shower pattern
- Ergonomic thumb flow control

Thumb Control 4-Pattern Nozzle

- Soft dial ring protects against damage
- Patterns for all watering needs
- Effortless push thumb valve

# FRONT LEVER

Effortless watering

## Adjustable Front-Pull Lever Nozzle

- Squeeze-easy front pull lever with soft rubber cover
- Water flow control knob
- Continuously adjustable pattern
- Ergonomic grip with dual-color soft rubber coating

## Adjustable Front-Pull Lever Nozzle

- Squeeze-easy front-pull lever
- Water flow control knob
- Continuously adjustable pattern

## 7-Pattern Front-Pull Lever Nozzle

- Squeeze-easy lever with soft rubber cover
- Water flow control knob
- Continuously adjustable pattern
- Ergonomic grip with dual-color soft rubber coating
- 2 trigger lock settings to keep the water flowing without constantly squeezing the handle; quick to lock and release (77095)

## 7-Pattern Front-Pull Lever Nozzle

- Squeeze-easy front-pull lever
- Water flow control knob
- Continuously adjustable pattern

# CLASSIC NOZZLES REFINED

## ERGONOMIC BACK TRIGGER

Ergonomic trigger design that follows the contour of the human hand for a tight, comfortable grip

72936  
(METAL)

72978  
(METAL)

Comfort-Grip Back Trigger Nozzle (lady size)

- Fiberglass reinforced lever
- Soft adjustable tip protects against damage
- Ergonomic grip with dual-color soft coating
- Continuously adjustable pattern (72936)

72835  
(METAL)

Adjustable Back Trigger Nozzle (full size)

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Robust metal construction
- Soft adjustable tip protects against damage
- Ergonomic grip with dual-color soft coating

72935  
(METAL)

72974  
(METAL)

Comfort-Grip Back Trigger Nozzle (medium size)

- Fiberglass reinforced lever
- Soft adjustable tip protects against damage
- Ergonomic grip with dual-color soft coating
- Continuously adjustable pattern (72935)

72879  
(METAL)

7-Pattern Back Trigger Nozzle (full size)

- Patterns for all watering needs
- Fiberglass reinforced lever
- Robust metal construction
- Soft dial ring protects against damage
- Ergonomic grip with dual-color soft coating

# HEAVY DUTY

Zinc core construction with comfortable rubberized overlay hand grip

71433

## Premium Heavy-Duty Adjustable Metal Nozzle

- Premium heavy duty lightweight robust zinc casing for a longer lasting durability and dependable experience
- Adjustable from fine mist for watering fragile plants to jet stream for cleaning
- Rubberized ergonomic comfort grip
- Ergonomic back trigger lever with added flow control
- Soft dial ring protects against damage

71472

## Premium Heavy-Duty 7-Pattern Metal Nozzle

- Variety of spray patterns to meet all your needs
- Perfect for cleaning and gardening chores
- Lightweight Zinc core construction with comfortable rubberized overlay hand grip
- Easy to adjust flow control with locking mechanism for continuous watering
- Ergonomic back trigger lever with added flow control

76573

## Premium Heavy-Duty Thumb Control 7-Pattern Metal Nozzle

- Unique smooth thumb control design that acts as a flow control to adjust on/off
- 7 Unique spray patterns to select
- Solid metal body with a comfort grip
- Ergonomic grip design

# CONVENTIONAL SPRAYER

For simple twisting and touch nozzles

70113

70114

70115

## Comfort Twist Nozzle

- Spray adjusts from mist to powerful jet
- Soft rubber grip and tip
- Water flow control knob (70113,70114)

70111

70112

## Twist Nozzle

- Spray adjusts from mist to powerful jet

# BACK TRIGGER

Classic Nozzles Refined

71740  
(METAL)

72335  
(METAL)

## Adjustable Metal Nozzle

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Soft adjustable tip protects against damage
- Ergonomic grip with soft coating

73231

73331

## Adjustable Nozzle

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Ergonomic grip with soft coating
- Soft adjustable tip protects against damage (73331)

71674-22  
(METAL)

71974  
(METAL)

## 7-Pattern Metal Nozzle

- Patterns for all watering needs
- Fiberglass reinforced lever
- Soft dial ring protects against damage
- Ergonomic grip with soft coating

73274

73376

## 7-Pattern Nozzle

- Patterns for all watering needs
- Fiberglass reinforced lever
- Soft dial ring protects against damage
- Ergonomic grip with soft coating

Adjustable Metal Nozzle (lady size)

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Soft adjustable tip protects against damage
- Ergonomic grip with soft coating

Adjustable Metal Nozzle (lady size)

- Continuously adjustable pattern
- Fiberglass reinforced lever
- Soft adjustable tip protects against damage
- Ergonomic grip with soft rubber coating
- Robust metal construction

7-Pattern Metal Nozzle (lady size)

- Continuously adjustable pattern
- Comfortable soft rubber coating
- Fiberglass reinforced lever
- Robust metal construction
- Soft dial ring for easy pattern changes / protects against damage

7-Pattern Metal Nozzle (lady size)

- Patterns for all watering needs
- Fiberglass reinforced lever
- Soft dial ring protects against damage
- Ergonomic grip with soft coating

# INDUSTRIAL NOZZLE

Adaptable for all your needs -Hot or Cold one unit fits all

78012  
(ABS)

78011  
(METAL)

72411  
(METAL)

## Insulated Nozzle

- Comfortable dual-color soft coating
- Front thread for accessory attachment
- Integrated thread cap won't get loose
- Fiberglass reinforced lever with soft coating (78011, 72411)
- Ergonomic grip with soft rubber coating

70061  
(5-1/2")

70057  
(5-1/2")

70025  
(4-1/2")

## Metal Trigger Nozzle w/ Front Threads

- Threaded end for accessory attachment (70025, 70061)
- Fiberglass reinforced lever
- Robust metal construction
- Available in 4-1/2" and 5-1/2"
